

3 February 2020 - Update

Dear Clients and Families

In recent weeks there has been growing media focus relating to the spread of the Novel Coronavirus, and we understand that this may also be a cause for concern within our own community. The Australian Government has advised that there is no cause for alarm with respect to the coronavirus and that the risk to the Australian public remains relatively low.

The containment of such a virus relies on the information supplied by our staff and we can reassure you that none of our staff at UC Camping have travelled to the areas impacted by the virus within the last 30 days.

At UC Camping, our aim is to always provide our clients a safe and supportive place for the experience at our sites. We have implemented a risk mitigation strategy that aims to ensure our employees are clear of having the virus or come have come into contact with anyone that may have been exposed. We will continue to monitor the staff across all of our sites and keep you abreast if there are any changes.

For further information provided by the Australian Government for travellers in relation to the Coronavirus please click on the following link: [Smart Traveller - Coronavirus](#)

Information for parents provided by the Department of Education can be accessed here: [Novel Coronavirus - Factsheets](#)

If you have any further questions please contact me directly at daniel@uccamping.org.au

Yours sincerely,

Daniel Murray
